SAFETY INFORMATION

WARNING

OPERATING INSTRUCTIONS

MPDSTAT

The control panel features a large black display area at the top. Below it are several buttons, including a green power button and a red emergency stop button. A red rotary switch is located at the bottom of the panel. The panel is mounted on a yellow metal frame.

Danger high voltage

The back panel is yellow and features a prominent high voltage warning symbol (a lightning bolt inside a triangle) with the text "Danger high voltage" below it. Below the warning symbol is a small control panel with a digital display and buttons. A "No Smoking" symbol is also visible on the panel.
